

# HOW CAN FEROS CARE HELP YOU?

Feros Care is the Local Area Coordinator (LAC) around here.

Their job is to help people with disability connect with services and can support people to request access to the National Disability Insurance Scheme (NDIS) so they can live healthy, happy lives.

Your LAC will listen to you so they know what's important for you. They can also:

- Help you connect with government and community services in your area
- Support you to apply for the NDIS
- Support you to put your NDIS plan into action

# FEROS CARE AND THE NDIS

| How can we help you?

You do not have to pay the LAC for any of the support they give you

Delivering the NDIS in your community

Delivering the NDIS in your community

### 1 CONNECT

Your LAC can link you with government and community services already available in your local area.

### 2 ACCESS

Your LAC can help you to request an NDIS Plan. The plan will be based on your needs and goals.

### 3 APPROVAL

If your plan is approved by the NDIS, your LAC will help you use it.

### 4 CHOOSE

Your LAC will help you find services that support you to reach the goals in your Plan.

### 5 CONTACT

Your LAC is your contact person for help with your NDIS Plan.

# THE NDIS PROCESS

Another part of our job is to make our local community more welcoming for people with disability.

This could be working with GPs, hospitals or schools so they understand the needs of people with disability better.

It could be working with employers, so they know that people with disability make great employees.

**What we do depends on what you tell us you need. So please let us know.**
